

AANP 2019 BOARD NOMINATIONS

Why I Want to Serve on the AANP Board

“ Although I am not in any kind of traditional private practice I have been committed to advancing and licensing the naturopathic profession throughout my career.

I have an ability to orchestrate environments where different opinions can be heard and integrated into higher quality solutions.

I enjoy working with people of different skills to organize them as effective teams.

As Treasurer I serve on the Executive Committee, which although requires much more time than just being on the board, allows me to be closer to the everyday decisions and functions that can advance our profession and the success of the AANP.

I am here to make as big a difference in the world as I can and I think our profession can have a profound impact. ”
